## ABSTRACT

Abstract length and content varies depending on article type. Refer to http://www.frontiersin.org/about/AuthorGuidelines for abstract requirement and length according to article type.

**Keywords: Text Text Text Text Text Text Text Text**

## INTRODUCTION

Cite fancy references (LastName1 et al., 2013). As demonstrated in OtherAuthor and Coauthor (2012), citations can also be automatically reference. Multiple references are separated by semicolons (LastName1 et al., 2013; Author4 and Author5, 2013).

## RESULTS

### Subsection 1

You can use R chunks directly to plot graphs.

```
x <- 0:100
set.seed(999)
y <- 2 * (x + rnorm(length(x), sd = 3) + 3)
plot(x, y)
```

### Subsection 2

Frontiers requires figures to be submitted individually, in the same order as they are referred to in the manuscript. Figures will then be automatically embedded at the bottom of the submitted manuscript. Kindly ensure that each table and figure is mentioned in the text and in numerical order. Permission must be obtained for use of copyrighted material from other sources (including the web). Please note that it is compulsory to follow figure instructions. Figures which are not according to the guidelines will cause substantial delay during the production process.

## 1 DISCUSSION

## AUTHOR CONTRIBUTIONS

The statement about the authors and contributors can be up to several sentences long, describing the tasks of individual authors referred to by their initials and should be included at the end of the manuscript before the References section.

## 2 SUPPLEMENTAL DATA

Supplementary Material should be uploaded separately on submission, if there are Supplementary Figures, please include the caption in the same file as the figure. LaTeX Supplementary Material templates can be found in the Frontiers LaTeX folder

## 3 REFERENCES

A Frontier article expect the reference list to be included in this section. To make that happens, the below syntax can be used. This feature is from Pandoc citeproc which is used with `frontier_article()` to handle the bibliography
